Results of Campaign Regarded as
Most Encouraging—Purpose of
Canvass Accomplished

The first half day of canvassing
for season tickets on the Memorial
building project, as launched by the
high school pupils Thursday after-
noon, brought in a return of 450
pledges, totalling \$4,500.

Further pledges were being re-
ceived through the mail from pledg-
es clipped in the Daily Republican
of Thursday night, and indications
pointed to more than \$5,000 being
raised in the first efforts.

The results of the campaign to
date are most encouraging, ac-
cording to school officials, and those
interested in the drive, the purpose
of which was to ascertain the ex-
tent of interest in the plan to build
a community building.

The city was divided into sections
and teams were assigned to make a
canvass with the pledge cards at
\$10 each. Notations at each place
were made, concerning the results
obtained.

A summary was made today of
the canvass and announced by Su-
perintendent H. B. Allman. At 419
places called, no one was at home.
There were 271 places visited where
the people were in sympathy with
the project, but felt financially un-
able to subscribe for the season
tickets. At 137 homes, the wives
stated that they would consider the
matter with their husbands, and a
report from these will be made later.

In all 1792 persons were ap-
proached by the solicitors, and of
this number only 68 were not in
sympathy with the campaign for a
new gymnasium or building suitable
to accommodate crowds for any
purposes.

Mr. Allman stated that the high
school children will continue their
solicitations out of school hours and
give those who are still considering
the matter, a second opportunity.

ALL COUNTY TEAMS HERE

Two Games Tonight Will Make End
of First Round of Play—Almost
700 Teams in State

The sectional basketball tourna-
ment for all Rush county high
school basketball teams, got under
way here this afternoon at two o'-
clock, with Arlington defeating the
Orphan's Home team of northern
Rush county, by the score of 26 to 17.

The games mark the start of the
annual elimination process which
will result in one team coming out
victor Saturday night. The winner
here will then go to Richmond next
Saturday for the regional play,
which is another step in the series
of eliminations.

The sectional tourneys today got
started in 64 towns and cities, with
an entry list of almost 700 teams.
The teams are all fighting for the
finals at Indianapolis March 20 and
21, when the 700 teams will be re-
duced to 16.

After the Arlington and Orphan's
Home game the Raleigh and Manila
teams played at three o'clock.
The four o'clock game was sched-
uled between Center and Moscow,
but it was intimated that this
would result in a forfeit by Center,
because of illness on their team.

Two games are on tonight's sched-
ule with Webb playing Carthage
and Milroy playing New Salem.
Rushville does not play until 9 o'-
clock Saturday morning, meeting
Arlington, the winner of the game
this afternoon.

Large crowds are expected to
swarm into Rushville Saturday as
the race gets closer, and every
team will no doubt have a big band
of rooters.

PATROLMAN COLLECTS A HOTEL BOARD BILL

Patrolman Havens collected a
board bill for the proprietors of the
Decatur hotel in Greensburg Thurs-
day. A man, who gave his name as
Bruce Evander, left the hotel Thurs-

bill. He boarded the northbound Big
Four passenger train, and Patrol-
man Havens was called, and notified
to arrest him. The man was taken
from the train here, and by tele-
graphing to Chicago obtained money
to pay the board bill, and after it
was settled to the satisfaction of all
concerned, he was permitted to go,
and was not returned to that city for trial.

Case of State Against Bert Wilson,

RULING IN DIVORCE CASE

Judge Sparks Refuses Dallas T.
Richardson Decree—Two Re-
ceivership Cases Heard

An extra panel of 20 names was
ordered drawn this morning by Judge
Sparks for jury service Monday,
when the case of the state against
Bert Wilson, charged with assault
and battery with intent, will be
tried. Wilson is accused of shooting
his wife, Mrs. Wilson recovered from
her wounds.

Today in court two suits involv-
ing the receivership for the Ameri-
can Paper Products company of
Carthage were heard.

In one of these actions, the Bank
of Carthage was plaintiff on a claim
on a note against the firm, and af-
ter the evidence was submitted,
Judge Sparks entered judgment for
the plaintiff for \$7,048.80 and costs.

In the other complaint, Samuel
McCarthy was plaintiff in which he
filed a claim for \$400 for material
furnished the factory. In this case,
the evidence was taken under ad-
visement, and no decision entered.

Judge Sparks this morning ruled
in the divorce suit of Dallas T. Ri-
chardson against Harry Richardson,
Fayette county people, and refused
the plaintiff a decree. The case was
sent here on a change of venue from
Connersville.

Among the new cases filed, is a
complaint by John A. Spurrier ag-
ainst Walter T. Vandament, the ac-
tion being to replevin a piano. The
transaction involves an alleged sale
of a piano in 1916, on which all
payments were not made, and the
plaintiff is seeking to get possession
of the instrument. He also demands
judgment for \$25 as damages.

OLDEST I. & C. MOTORMAN IS DEAD IN INDIANAPOLIS

James E. Bandy, 54, Follows Wife
in Death Within 24 Hours, Her
Demise Causing His Illness

MADE LAST RUN A WEEK AGO

James E. Bandy, 54 years of age,
the oldest motorman in point of ser-
vice on the Indianapolis and Cincin-
nati Traction company lines, and
well known in this city, died rather
suddenly Thursday at his home in
Indianapolis, following his wife in
death by 24 hours.

His wife, Mrs. Sarah M. Bandy,
age 57, died Wednesday afternoon
after a long illness. Nervous shock
at her death, caused Mr. Bandy to
suffer acute indigestion and compli-
cations caused his death 24 hours
afterwards.

Mr. Bandy was one of the most
popular motormen on the line, and
was a pioneer employee of the com-
pany. His usual run through this
city was on the 11:52 noon car east,
and back on the 1:10 westbound
car in the afternoon. He made his
last run one week ago today.

Three children, Mrs. Edward Ta-
bert, James V. Bandy, and E. G.
Bandy, all of Indianapolis, survive.

Double funeral services will be
held Saturday afternoon at the late
residence, 2428 North Talbott street
Indianapolis, at 2:30 o'clock, and
burial will be made in Crown Hill
cemetery.

APPROPRIATION BILL RIFT WIDENS

Conference Committee Named to
Reach Agreement Farther Apart
Than Ever, Sen. Hill Reports

MINOR BILLS DISPOSED OF

Senate Passes Measure Prohibiting
Sale of Tax Free Securities by
Government Units

(By United Press)

Indianapolis, Ind., March 6—The
rift between the senate and
house over the appropriations bill
appeared widening today.

The conference committee ap-
pointed to reach a compromise on
the amendments attached in the
senate was farther apart than ever
after a morning meeting, according
to Senator Hill, of Carthage.

During a session in which many
minor measures were disposed of
the senate today passed the Shirley
bill prohibiting the sale of tax free
securities in Indiana by government
units.

In adopting a minority report for
indefinite postponement the house
killed the Daily senate bill to curb
the sale of salacious literature.

The bill would have also provided
licensing by the state board of edu-
cation of venders of periodicals of
other than newspapers, and religious,
trade, and educational magazines.

Another bill to curb the sale of
salacious periodicals is pending in
the senate.

The Kissinger "road ripper" bill
was scheduled to come up for third
reading in the house this afternoon.
Forces behind the bill declare a
poll of the house shows that it will
go over safely.

It seeks to oust the present per-
sonnel of the state highway com-
mission by abolishing the body as
now constituted and substituting a
non-partisan board of four mem-
bers, appointed by the governor.

Foes of the commission concen-
trated their entire energy on the
Kissinger bill when the Marion
county grand jury indicted John D.
Williams, director, Earl Crawford,
commission member, and four oth-
ers on larceny and embezzlement
of public funds by the highway
body.

Following brief consideration the
house yesterday rejected the child
labor amendment to the Federal
constitution. The measure was
handed after it was taken from the
senate where it was indefinitely

SERIOUS FIRE IS AVERTED

Felt Covering on Presbyterian
Church Furnace Pipes Blaze

An overheated furnace in the
basement of the First Presbyterian
church, caused a fire scare Thurs-
day afternoon about three o'clock,
and members of the fire department
investigated.

A heavy fire had been built, and
the furnace pipes became intensely
heated, setting fire to felt cover-
ing on steam pipes. The smoke at-
tracted the attention of the ladies
of the church who were in the
basement, preparing for a banquet.

A serious fire might have result-
ed if no one had been in the church,
and there was danger of the floor-
ing catching fire above the furnace.
No loss resulted, and the firemen
remained until the danger had
passed.

WRAPPER NOT TRUE INDEX OF PACKAGE

Alvah J. Rucker of Indianapolis,
Speaking at Church Men's Dinner
Bases Address on Experience

APPLE TASTED LIKE SAWDUST

Draws Lesson From Incident Show-
ing Things are Not Always What
They Seem—Women Give Play

It's not possible to tell what's in
a package by the wrapper, which
may be very misleading.

This was the burden of an enter-
taining and inspiring address by
Alvah J. Rucker of Indianapolis,
former Marion county prosecutor,
at a men's dinner in the basement
of the First Presbyterian church
Thursday evening.

Following the dinner, the men
went to the Sunday school room of
the church where the Women's Mis-
sionary society gave a playlet
showing the work done among col-
ored people in the south.

Paul Allen presided at the pro-
gram given in connection with the
dinner. Miss Helen Jaehne sang two
popular songs with piano accom-
paniment by Miss Charlotte Norris,
and was given loud applause. Two
readings by Miss Koneta Wertz re-
ceived the closest attention and
were liberally applauded.

John Gantner reported for the
committee appointed to recommend
new officers for the men's organiza-
tion, and the adoption of the report
by unanimous vote resulted in the
election of Walter R. Thomas as
president, Paul Phillips as secre-
tary and Will Trennepohl as treas-
urer.

J. T. Arbuckle introduced Mr.
Rucker, with some stories at the
expense of lawyers, and expressed
the view that the church was per-
forming a real service in bringing
men together and causing them to
rub elbows.

Mr. Rucker based his address on
an experience he had with Hood
River Valley apples from Oregon.
He received a crate of them, each
apple being nicely wrapped and ap-
pearing to be a very tempting morsel.
Mr. Rucker said he "sank his
incisors to the hilt" into one of the
large red apples and it tasted like
unsweetened sawdust. To appease
him, Mrs. Rucker brought him an
insignificant Indiana winesap, he
said, and he enjoyed it immensely.

"All is not gold that glitters,"
the speaker continued. "Every piece
of silver that has Miss Liberty on it
is not genuine. There are lots of
people the same way. Not every-
thing that comes in splendid pack-
ages is real."

Mr. Rucker in support of these
statements described the fake stock
salesman, and pointed out that peo-
ple can't be judged by their appear-
ances.

The speaker arose to great ora-
torical heights in describing the
modest Grant, who claimed nothing
for himself, who never wore brass
buttons of epanettes and who al-
ways appeared in a private's uni-
form, but who proved the deciding
factor in the war.

"He wasn't any greater than the
average man in America," the
speaker continued. "All have pos-
sibilities. Grant was fired out of the
army before the war. He failed in
business, as a wood chopper, a tan-

FORGER SERVING PENAL FARM TERM

Man Who Obtained \$90 With Bogus
Checks Week Ago Last Saturday
Sentenced at Greensburg

SENT ON LOITERING CHARGE

Pair of Shoes Purchased of O. R.
Zimmer With Bad Checks Leads
of His Identification

The check forger that worked suc-
cessfully in Rushville a week ago
last Saturday, when he passed \$90
worth of bogus checks on local mer-
chants, has been located, it is be-
lieved and is now serving a term of
60 days at the penal farm near Put-
namville.

He was arrested in Greensburg
last Saturday after making several
unsuccessful attempts to pass
checks. He was arrested on a charge
of loitering, and sent up for 60
days when he was unable to give an
account of himself.

He was sentenced under the name
of William Spencer, and stated that
he lived in Vincennes. When arrested
he was in possession of a travelling
bag, and before being taken to the
state farm, he requested that the
sheriff send his travelling bag to his
home address in Vincennes.

The officers opened the bag, and
discovered a new pair of shoes, and
recalling the instance that had hap-
pened in this city on the week be-
fore when a pair of shoes was pur-
chased with a bad check, inquiry was
made here.

O. R. Zimmer, local shoe mer-
chant, who was one of the persons
that cashed a check for \$16 and al-
so lost a pair of shoes, went to
Greensburg, taking with him the em-
pty box from his store here. The
numbers corresponded in detail,
showing the stock figures from the
shoe box to be the same as those
inside the shoes.

A photograph of the penal farm
prisoner was received here, and was
identified by those who had cashed
the checks.

A charge of forgery will be placed
against the man, and he will be re-
turned here when his 60 day sen-
tence has expired at the state farm,
according to Gates Ketchum, prose-
cuting attorney.

Dr. J. T. Scull Electrifies

M. E. Revival Audience

Last night the Rev. Dr. J. T. Scull electrified his audience at the Wesley M. E. church with a thrilling message from the text, Galatians 6:17 "Henceforth let no man trouble me; for I bear branded on me the marks of the Lord Jesus." In the whole message the speaker emphasized "Love" and "Sacrifice." Very forcefully did he illustrate his words with the story of a brother whose exhortation to the church that the needed "Law." The old gentleman couldn't spell but he had the meaning.

He also told the story of the Apostle Paul being beheaded, which was a splendid lesson to the children in the "Art of Story Telling."

The speaker tonight will be the pastor, the Rev. F. R. Arnold. All are welcome to attend these services.

The record of raising \$5,000 or more within 24 hours time equals any record made in the state on the basis of money for such a purpose, and for this reason, those in charge are highly encouraged.

The pledges are being secured to insure those who sign them of reserved seats in a new gymnasium or community building to be erected this summer in a manner that remains to be decided upon later. The success of the ticket sale indicates sentiment strongly in favor of such a building.

Clears Complexion

"Oh! how clear and beautiful your complexion is today, my dear!"

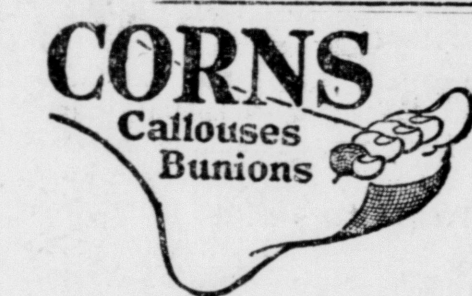

THERE is a certain joy—a certain pride—in knowing you are admired, whether it be from father, brother, husband or sweetheart! And back of that joy is the satisfaction of knowing all is well.

Men are fascinated by the charms of beauty. Women gaze with envy, secretly jealous, perhaps, wondering—hoping—praying for that attractiveness which is not theirs. But why the wondering—the hoping—the praying—that clear skin—that beauty—that clear skin—that beauty. A clear skin—is the barometer of one's condition. A healthy skin radiates beauty. Pure, clean blood means a clear skin.

S.S.S. is waiting to help you. It will rid your blood of its impurities and give you that clear complexion. Since 1825 S.S.S. has been ridding people of blood impurities, from pimples, from blackheads, boils, eczema, and from rheumatism, too. Because S.S.S. is made from fresh herbs and barks, it may be taken with perfect safety. Try it yourself. You will not only look better, but you will feel better, too.

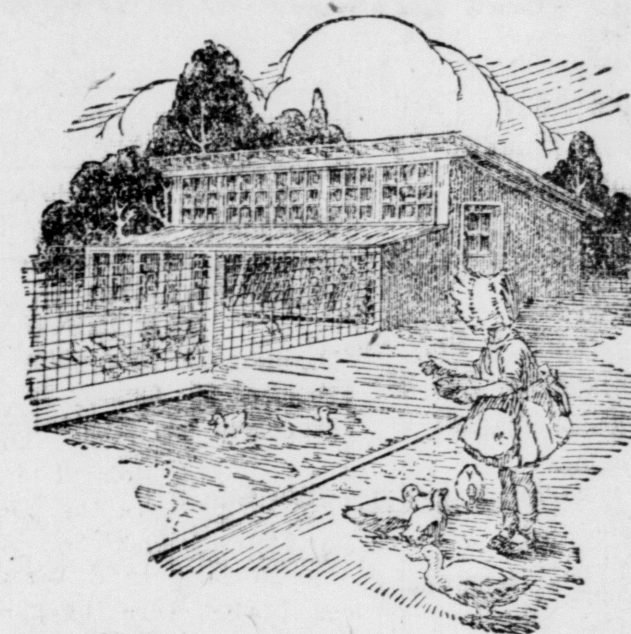

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

Insures a Steady Income.

This income can be increased without increasing your stock of poultry. Hens will lay more eggs in a small, comfortable chicken house than they will if they have to hunt a place in the barn, cow-shed or straw-stack; and the eggs are more easily found. No question about it. A chicken house is quickly paid for by the increase production of eggs.

SIX PERSON KILLED AT A RAILROAD CROSSING

Lives of All Occupants of Automobile Wiped Out at Williamsport, Indiana

AUTO HIT BY CUT OF CARS

Williamsport, Ind., Mar. 6—Six persons were killed here today when the automobile in which they were riding was struck by a cut of freight cars on the Wabash railroad.

The dead were Mrs. Ruby Bodine, 26, of Williamsport; Miss Cora Hurd, 21, cousin to Mrs. Bodine, of Marysville, Ohio; Gertrude Bodine, 5, Mable Bodine, 3; Fred Bodine, Jr., nineteen months; Elsworth Bodine, 6 months. The children were sons and daughters of Mrs. Bodine.

According to witnesses, Mrs. Bodine who was driving the car, had stopped while a passenger train passed. The freight cars were on another track and obscured by the passenger train.

The persons killed were the only occupants of the car. All but Miss Hurd and Gertrude Bodine were killed instantly. Miss Hurd and the girl lived only a few minutes.

Surviving members of the Bodine family are Fred Bodine, husband and father, and an eight-year-old daughter. Bodine is a farmer.

APPROPRIATION BILL RIFT WIDENS

Continued from Page One postponed during the early part of the session.

A voice vote was taken on a motion by Representative Mendenhall, of Indianapolis, for its indefinite postponement.

Members of the conference committee appointed from both houses met at 9 o'clock to reach an agreement on the senate amendments to the general appropriations bill. It was announced that an agreement on the bill may be made today and a report prepared.

Another Isaac Walton league bill was killed in the house yesterday when a minority report for indefinite postponement of the Steele senate bill authorizing an injunction against pollution was adopted.

A fist fight was narrowly averted in the senate yesterday between Senator Nejdil and Holmes, both from Lake county, when Holmes demanded that the house bill giving the attorney general power to prosecute vendors of salacious magazines be reported out of the committee on education.

Nejdil chairman of the committee denied charges by his colleague that he had refused to report the bill out. When the senate had voted to take the bill out of committee the two senators met at Holmes' desk.

THE KEY TO SUCCESS

Success depends primarily on a healthy liver and stomach. You can not thing straight if these organs are not working properly. Mayr's Wonderful Remedy is usually successful in such cases. Our advice to everyone troubled in this way, especially when accompanied with bloating in the stomach, is to try this remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. The Golden Rule:—Whatsoever ye would that men should do to you, do ye even so to them: for this is the law and the prophets. Matthew 7:12

Prayer—Help us, our Father, to do right by thee, and then it will be natural for us to do right by our brothers.

Save the State Roads

Regardless of alleged acts of certain members of the state highway commission—and they should not be condemned until found guilty—the passage of the Kissinger bill in the state house of representatives would be a step backward in Indiana road building.

The Kissinger bill provides that an entirely new commission shall be appointed by the governor of the state and that the director shall also be selected by the governor.

As now constituted, the board appoints its own director and he is solely responsible to the board. If the new system were put in effect, by the passage of the Kissinger bill the danger of a constant clashing of interests would arise, and certainly politics would enter into the administration of the department more than ever before.

The director would be responsible to the governor only. The commission rightfully should direct the building and maintenance of Indiana state roads, and without a director of its selecting, there would likely be frequent friction, which would reduce the efficiency of Indiana highway work and would mean a loss of money to taxpayers.

Indiana's highway plan has been pointed to as a model. No other state has such a record for economy and good results. The cost of operation has been marvelously low. The commission and director have worked in unison.

One member of the commission and the director have been indicted, but the system has not. It is not on trial though those who have been trying to oust the present commission and director make it appear to be.

The whole affair smacks entirely too much of politics to suit the people who use the roads and who want to see the greatest efficiency possible produce the maximum amount of miles of new roads each year.

They are not interested in any political ax-grinding, especially when it is at their expense. Those who inspired the highway commission reorganization will be held to account if the system that has been successful is destroyed.

Prospective husbands of the day desire wives with home-making talents and girls who hope to be brides regard education as a secondary matter, but demand appropriate incomes.

These are deductions from answers to 200 questionnaires sent out by a St. Paul, Minn., minister.

The young men generally were of the opinion that "looks" didn't count, although there was no pronounced aversion to cosmetics, but the majority insisted on a single standard of morals.

The girls wanted "fair, sane, thrifty, industrious, Sabbath-keeping, refined, resourceful, athletic, healthful, earnest and sincere" men for husbands.

If this is typical, it may give pause to the girl, with matrimonial ambitions, who thinks of nothing but the date of the next dance, and it may let some light in to the young

Hunt's Washington LetterBY HARRY B. HUNT
NEA Service Writer

WASHINGTON — The farmer has been framed again, in the opinion of Senator Arthur Capper.

Two-dollar wheat did it. Wheat at \$2 a bushel, Capper thinks, was largely responsible for the brakes being applied to proposed agricultural relief measures, pending in Congress.

The result was the failure of Congress to enact the recommendations of the president's agricultural commission, by which the administration's pledge to agriculture was to have been redeemed.

Interests hostile to farm relief, Capper charges, with \$2 wheat as a club, hammered home the idea that there was not and never had been a real farm problem justifying the overhauling of the machinery of farm marketing.

"According to these claimants," says Capper, "the farmer is now a Croesus, luxuriating in the golden stream of \$2 wheat."

"But this is not a true picture. Speculators and gamblers, not the wheat growers, reaped this Chicago wheat pit harvest."

"The facts are that last year's wheat crop brought the wheat farmer between \$1 and \$1.25, and not the \$2 he is now credited with getting."

"To be sure, \$1.25 wheat, and an unprecedented large yield per acre, made last year's crop the most profitable since the war."

"But the farmer sold his wheat

—the last bulk of it—before Nov. 1, and when wheat soared to \$2 in Chicago, the farmer who had plowed, planted and harvested the grain had none of it to sell.

"Price increases between election and the new year were such that the farmer, according to Julius Barnes, merchant exporter, lost just about \$400,000,000 by his early selling."

"The consumer of bread will pay this \$400,000,000. But the farmer didn't get it."

GENERAL ISAAC SHERWOOD

WOOD, who retires from Congress March 4 at the age of 90, treasures as one of the mementoes of his later days in Washington a large-crowned, broad-brimmed hat given to him by the late Julius Kahn, former chairman of the military affairs committee, whose wife has just been chosen by California voters to fill his seat in the next Congress.

"Just before Kahn took his last departure from Washington," says Sherwood, "I met him in the corridor. He had on a peculiar hat. I said:

"I've been looking for that kind of a hat in Washington, but couldn't find one."

"Kahn pulled off his hat and said: 'Try it on.' When I did so he said: 'It's just your size. Your thinking apparatus and mine are the same. I'm going to give you that hat, with my compliments, and I hope you will wear it.'"

"I'm still wearing that hat," says Sherwood, "as my tribute to Kahn."

**"George Washington, Jr."**

Wesley Barry, the freckled-faced star, will be seen at the Princess theatre today and Saturday in his latest picture, "George Washington Jr."

In the story Wesley Barry plays the part of the son of Senator Belgrave, Southerner. He names himself George Washington, and emulates the truthful Father of our Country. Senator Belgrave and Senator Hopkins, also a Southerner, are in the midst of a long standing family feud. Senator Hopkins' son, Robert and George are friendly, regardless of their father's misunderstanding. Robert is in love with Dolly Johnson, George's cousin. To gain an advantage over his antagonist socially, Senator Belgrave plans to have his niece marry a foreign count. Barry is much against the count, and begins to shadow him. He later learns that the count is a spy, catches him stealing some important documents from his father, and interrupts a marriage that would have ruined Dolly, and disgrace his father.

Some of the scenes were taken at the Capital to add real beauty and pictorial value to the picture. In the east, Wesley Barry is supported by Gertrude Olmstead, Leon Barry, Charles Conklin, and Otis Harlan. The picture was directed by Mal St. Clair, and adapted to the screen by Rex Taylor. It was taken from the stage play of Geo. M. Cohan, of the same name.

Thrilling Fire in Picture

When Director Elmer Clifton started to "shoot" the most sensational, thrilling, realistic conflagration ever shown in a photoplay, he builded a bonfire better than he knew.

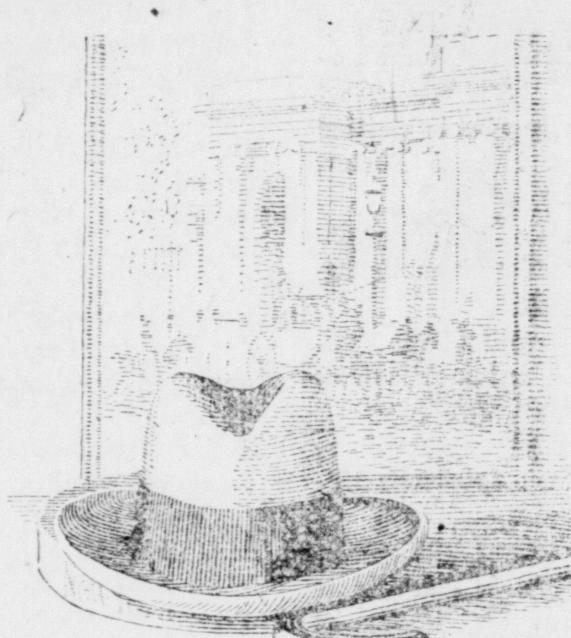

The climax sequence of "Daughters of the Night," the new William Fox production splendidly dramatizing the telephone service and the life romance of a telephone girl, which will be shown as a special attraction at the Castle theatre today and Saturday calls for a three-alarm fire eating up the small town telephone exchange while the heroic girl night operator gallantly sticks to her post, helping to catch escaping motor bandits by working the long-distance wires.

The skeleton frame building erected for the purpose soon smoked and burned as per schedule and the enthusiastic director beat time to the song of the flames with his megaphone.

But some of the flames "got of bounds" and soon the whole set was ablaze. High telephone officials, who were present to supervise the technical telephone details of the picture, to insure absolute accuracy, were amazed at this "realism," supposing, of course, it was intentional, until the fire department got busy and battled the flames in dead earnest.

Today is the beginning of the end for some. Wonder what lone team will survive?

Tonight when you go to bed, there will be five teams in Rush county eliminated from the race, leaving six for the contests Saturday. One thing is certain, Rushville will be one of those six.

STATE TOURNEY BY RADIO!

The state finals at Indianapolis, March 20 and 21, will be broadcast, play by play, from the ringside. This arrangement has been announced by the Indianapolis Times, and it is considered a good move, because there are always thousands of people who don't attend because of the jam and push. This will enable fans to stay at home and keep the score, and relieve the congestion at Indianapolis.

COME EARLY—STAY LATE

Rushville fans should turn out in large numbers for that first game in the morning, and help the Lions put across a victory. This support is needed. Last year when Manilla turned the trick in a morning game, there were very few rooters from Rushville, and encouragement is a great help.

THE WORLD LOVES GOOD SPORTS—ALSO GOOD LOSERS!

The editors of the Rushlite, the high school paper, are to be congratulated for their fine 8 page paper this week. It was printed on the regular news press, full size sheet, and required untiring efforts. Now if those Lions come through equally as well, then their efforts will be rewarded.

Morristown Experts To Spring a Surprise!

Two fans from Morristown, who sign their donation as M. E. W. and J. A. G. send in a unique "one of those things", which works out to make a sentence, using the players name. It is impossible to get it in print in a single column, like they had it, using the first and last names of each player, the coach and faculty. The idea is fine, and when worked out, it reads, "We are out to beat Shelbyville and Greensburg, M. H. S. BB Team."

Sectional tourney entries are limited to only eight players, but regionals and state tourneys are increased to ten. The first eight players used by any team must be the ones to participate in the sectionals. The same players do not necessarily have to take part in the regionals, as a separate list can be filed, according to the state ruling.

THAT STATE BANQUET

Now that a banquet for state scribes is being planned during the state tourney, wonder why it wouldn't be a good idea to make the scribe whose team wins, furnish the spread. Chick Harris of Washington, who is pickin' Washington, could take us all to the Washington hotel, and that's no lie either.

Fanny the Fan wants to know if an earthquake would shake the wool off the Woolworth Building—Between Halves, Muncie Star.

Mr. Bonrilette of the Washington Democrat says that his "dark" horse knows its oats. If that is the case then perhaps you can expect 'em at the state fair grounds in a couple of weeks, hunting that oats.

With apologies to Alex down at Greencastle, we might say, "If Moscow don't play in the finals, Rushville."

Bedford is scheduled to play her last game of the season Saturday night, so says Basketball, down at Washington. In other words Washington expects to win.

We Remember it, Well!

And speaking of Tourney upsets, who can remember last year when Manilla knocked Rushville completely out of its sectional? —Greencastle Banner

MOSCOW TEAM INVITED!

Basketball in Muncie won't end with the sectional tournaments. The annual Eastern Indiana tourney is

still to be staged here. The classic will take place March 27 and 28 on the Y. M. C. A. floor. N. M. Maddox, physical director of the Y. M. C. A. and Earl Ball of this city are to be in charge of the tourney. Invitations have already been sent to a number of teams representing Eastern Indiana cities. Oh, yes, that Moscow crew of covered bridge fame will compete again—Muncie Press.

CENTER TEAM WILL FORFEIT GAME TODAY, IS REPORT

The Center and Moscow game at four o'clock this afternoon was expected to result in a forfeit game for Moscow. Word from Center today stated that the members of the team were vaccinated recently on account of a smallpox scare, and because of this, it was intimated that the team would not appear.

Here is The Way That Carthage Has It—

The Carthage Citizen has "doped" out some interesting facts concerning the tourney, and the comments are as follows:

First game—Arlington steps fast, has good goal shooter, and won the Inv. Tourney here. The I. S. and S. O. Home team is composed of Baker and Blue f; Mayo c; Wertz and Innis, g. They were defeated by Cadiz 35 to 32, Mayo scoring 6 and Blue making 5 field goals. They defeated the Straglin team 37 to 7. They lost to Rushville seconds, 45 to 23. They defeated New Castle seconds, 45 to 8, Mayo scoring 10 and Baker 5 fields. Arlington should win by a good margin.

Raleigh, a fighting outfit. If they decide to beat Manilla, they will win to the dotted line and say "Sign here."

Center was unfortunate in drawing Moscow. Good exercise however Webb is not the Webb of old. Modestly speaking, they should not prove dangerous to Carthage. Milroy should toy with the New Salem quintet.

Rushville is strong, with plenty of reserve material, and playing on one floor. Watch Arlington keep them "on the go."

If Moscow plays the popular Raleighs, Moscow should win, for, Monsieur, did not "Alec the Great" snipe 16 field goals against Arlington last week?

"Open the gate, James." Here comes Carthage and Milroy. The Redcoats have improved about 44 percent. Wonder why Cowan, Wash back guard, and McCorkle have been making week-end trips home? Carthage has twice defeated Milroy. This game may go overtime. Carthage will penetrate any defense on the circuit, has fine floor work, gets more chances at the net, but as a team cannot connect. Now Siler-Alexander-Heim Tetrick Renegar-Sharkey, make your throws count. Stay ins.

Next game, Moscow against Rushville or Arlington?? Moscow, "The Country Boy Team" of the Sandusky type, has endurance, sharpshooters, and "Alec the Great" at center. Also Coers, floor guard, the spectacular floor dribbler. He likes basket ball and would leave his pancakes and maple syrup any old time to play. They meet a real foe—but so does Rushville-Arlington.

Final game. The band is now playing. Oom-puh-oom-pa-pa! Is'n't the yelling fierce? Who started this tourney, anyway? Who's playing? Moscow, Rushville, Carthage, Milroy, Arlington, Raleigh?. Decide it for yourself.

Gibbons Takes 'Em All

By HENRY L. FARRELL
(United Press Sports Editor)
New York March 6—Tom Gibbons may have his claim to the succession to the heavyweight championship disputed, but there can be no denial that he is the most willing fighter in the business. His willingness to do anything asked of him at a time when champions and leading challengers refuse to take any kind of a chance, has given him a unique and a most favorable position in the profession.

"It is a pleasure to do business with Tom Gibbons," Tex Rickard said recently. "He is always fair about purses, he never asks anything but an even break and his word is better than a contract. If every boxer was as much of a real sportsman as Gibbons, the game would never be in any danger."

Gibbons had a slow, hard time developing himself from a brother of the great Mike Gibbons to the outstanding challenger in the heavyweight class and one of the best drawing cards in the game. He made himself by having a "Yes" ready for anything fair.

It has cost him money, but it has made him one of the most popular boxers that ever pulled on a glove.

When he started his campaign for a return bout with Dempsey he said that he would meet anyone in the heavyweight class to prove his right for another chance at the title.

He tried to get a bout with Jack Renault the Canadian, who was throwing publicity challenges at Dempsey.

"Before you fight Renault, you ought to lick Kid Norfolk," Lee Flynn, Renault's manager, said.

Norfolk was the stand-off member of the Flynn stable.

"Alright," Gibbons said, "make out the papers."

Flynn's bluff was called and he couldn't get out of it. Gibbons met Norfolk and knocked him off and Flynn lost one of the best bread winners in his string.

Gibbons came to New York again with a challenge for Dempsey and he was asked—"Why don't you fight Harry Wills?"

"I will," Gibbons said.

And Wills was caught in a tight place that he had no desire for.

Gibbons tried to get a bout with Gene Tunney, the American light heavyweight champion, and Tunney turned pale and found a lot of excuses.

He then announced that he couldn't make 175 pounds without trouble and that he was going to stay in the heavyweight class. Tunney, relieved at hearing this, challenged Gibbons and said that he had been bluffing.

Gibbons replied—"Alright, we're ready," and Tunney went out on that golf course and hasn't been heard from since.

VICE PRESIDENT DAWES BOMB WILL BE A "DUD"

Demand in Inaugural Address That Senate Rules be Revised will be Ineffective, Leaders Say

SENATE TO KEEP PEROGATIVES

By PAUL R. MALLON
(U. P. Staff Correspondent)
Washington, March 6—The bomb Vice President Charles G. Dawes exploded in his inaugural address to the senate—demanding that the time worn rules be revised to expedite business—will be ineffective, leaders of both Republican and Democratic sides of the senate believed today.

Dictators of policy in the senate assert that to shear the senate of its ability to hold up legislation would rob that body of its entire legislative authority and relegate it to the status of senates of foreign governments which in recent years have lost their power.

Senator Charles E. Curtis, Republican floor leader, and Senators Smoot, Utah; Moses, New Hampshire and Jones Washington, his aides in matters that it would be impossible now to carry out Dawes' suggestion.

They pointed out that the idea had been advanced many times in recent years, but has never been carried to a successful conclusion.

ner, an army officer and finally as a clerk in his father's store, not because he was not determined, but because he did not have the qualifications.

Another example he cited was the tragic story of Ham Peggotty and his love for Emily, in Charles Dickens' "David Copperfield." Ham was betrothed to Emily, he recalled when the dashing James Steerforth,

schoolmate of Copperfield's, came between them. He took Emily to Europe and in a few years she returned home alone, broken in spirit and health. One night years later a ship was being dashed to pieces off Yarmouth where Peggotty lived. Steerforth was recognized as the last man clinging to the mast. Peggotty went to his rescue and was drowned.

"Greater love hath no man that he give his life for a friend," quoted Mr. Rucker, commenting on the incident.

ident. "There are plenty of Ham Peggottys here. They are not flashy men. They do not make a show. But we are rubbing elbows with them every day and benefitting from it."

Predicting that the time will come when politics will be improved, Mr. Rucker stated there are only a few men who are not looking for self enrichment and who are willing to make some sacrifices, in taking public office. He urged everyone pay more attention to their political obligations.

Help For Nervous

It has often been said that only a woman can understand what nervous women endure. Most cases of nervousness, sleeplessness, mental depression, headaches, backache, fretting and worrying have their origin in some feminine ailment that will readily yield to Lydia E. Men alone could have stood such a test.

OBITUARY NOTICE OF,

1842

1925

Mary Ellen Craig Jarrett
"Jehovah is my light and salvation,
Whom shall I fear?
Jehovah is the strength of my life,
Of whom shall I be afraid."

Once more the grim reaper death has come among us taking our beloved sister and friend.
Mary Ellen daughter of Samuel and Caroline Craig was born in Manilla Oct. 14th, 1842 and departed this life February 17th 1925. The deceased has spent her entire life in the vicinity of Manilla and was familiarly known by her close friends as Cousin Mollie.

When cousin Mollie was a girl of fifteen she heard the call of the Master to service in His vineyard and chose as her Church home the Manilla Christian Church. For many years she was a loyal member of that Church and enjoyed the fellowship and communion with these people. Later her membership was transferred to the Manilla M. E. church in order to have the same church home with her husband. Both remained loyal to the Church until the end.

Mary Ellen Craig was married to Elbert Jarrett Feb. 14th 1867. No children were born to this union but we have every reason to believe that the married life was very happy as the interests of husband and wife seemed so blended together that we feel sure that it met divine approval of the Heavenly Father as a true bond of Holy Matrimony.

Cousin Mollie has been an invalid since childhood and has spent much of her time indoors among the scenes of her girlhood and the things she loved so well.

She was very devoted to parents and husband, and was always happy in doing some kindness to those she loved. All the near relatives have passed away but in life Cousin Mollie loved to have her relatives and friends with her. She seemed very happy when they called to see her.

On the occasion of her 80th birthday Cousin Mollie invited her friends and relatives to spend the evening with her and the cup of joy was full to overflowing as those she loved were near her and showered upon the good sister greetings of love and appreciation.

The last few years of Cousin Mollie's life was spent within the confines of her old home and much of her time was spent in meditation of the sacred Word, and thoughts of the home over there. She delighted to read God's Word and to reflect on His promises and was most happy when an opportunity was afforded to worship in His sanctuary. The favorite scripture reading was the twenty-seventh Psalm, having read this Psalm many times during the past year.

We can not add or detract from this life for the reaper has come and harvested the ripened grain. In the words of the poem she loved so well we commend her soul to the all merciful and loving Father.

"Hide not thy face from me;
Put not thy servant away in anger
Thou hast been my help,
Cast me not off, neither forsake me
O, God of my salvation.
When my father and my mother forsake me
Then the Lord will take me up."

Woman's Friend Electric

\$90.00 BUYS

the WOMAN'S FRIEND ELECTRIC WASHER with steel frame and swinging wringer and solid aluminum disc or rubber.

The large round aluminum disc found only in the Woman's Friend Washer is made of one solid piece of aluminum and is practically indestructible as it is not affected by water or washing compounds and only weighs five pounds. This disc is the secret of the wonderful work done by this machine. It rests upon the clothes and as it turns slowly back and forth it rubs them gently on the bottom of the tub which is corrugated like a wash board, turns them over and over and forces the hot, soapy water through every part.

The swinging wringer is a marvelous piece of mechanical construction. The wringer swings to three different positions and is held in an absolutely rigid position in each place. All gears run in oil and require no attention whatever.

SOUR STOMACH RELIEVED BY DI-JO TABLETS

If you're suffering from gas on the stomach, bloating, sour stomach, heartburn, or any of the inconveniences of indigestion, take Di-Jo.

"It's not only pleasant to take but it aids the stomach in performing its duties. Any disturbance of the stomach throws the whole system out of order. If your food is not digesting properly it cannot furnish sufficient nourishment to the body.

The stomach is the furnace which consumes the fuel which enters your body. Sometimes the fuel is the wrong kind and sometimes there is too much of it. Di-Jo is the proper corrective for such a condition. It gives the gastric juices which are supposed to help digest your food the strength needed to digest food for a stomach temporarily weakened or for an overloaded stomach.

Di-Jo isn't dope or anything that can possibly hurt you. It's a natural remedy to aid digestion and it should be in every household. Your druggist has it.

If you are troubled with constipation take DI-VAC. It is sold by all druggists and is recommended as the proper laxative to be used in connection with Di-Jo, if any is needed.

LAST OF "CHURCH NIGHT" PROGRAMS IS PRESENTED

Last night marked the close of the second series of "Church Night" programs which have been a special feature of the activities of the First Baptist Church for the past seven weeks. The programs this year marked a decided advance over those of last year. The total enrollment reached 121, while the average attendance was 71. This record puts the Rushville church among the leading churches in the state in this line of activity.

Six study classes were offered. The children were provided for in two groups in order that their parents might have the advantage of the study groups. A young people's mission study class was well attended, and there was also a mission study group for the adults. Two training classes, one for Sunday school workers and the others for church officers, were also well attended. The church hopes to make this form of work permanent in its program from now on.

Results of Campaign Regarded as
Most Encouraging—Purpose of
Canvass Accomplished

The first half day of canvassing
for season tickets on the Memorial
building project, as launched by the
high school pupils Thursday after-
noon, brought in a return of 450
pledges, totalling \$4,500.

Further pledges were being re-
ceived through the mail from pledg-
es clipped in the Daily Republican
of Thursday night, and indications
pointed to more than \$5,000 being
raised in the first efforts.

The results of the campaign to
date are most encouraging, ac-
cording to school officials, and those
interested in the drive, the purpose
of which was to ascertain the ex-
tent of interest in the plan to build
a community building.

The city was divided into sections
and teams were assigned to make a
canvass with the pledge cards at
\$10 each. Notations at each place
were made, concerning the results
obtained.

A summary was made today of
the canvass and announced by Su-
perintendent H. B. Allman. At 419
places called, no one was at home.
There were 271 places visited where
the people were in sympathy with
the project, but felt financially un-
able to subscribe for the season
tickets. At 137 homes, the wives
stated that they would consider the
matter with their husbands, and a
report from these will be made lat-
ter.

In all 1792 persons were ap-
proached by the solicitors, and of
this number only 68 were not in
sympathy with the campaign for a
new gymnasium or building suitable
to accommodate crowds for any
purposes.

Mr. Allman stated that the high
school children will continue their
solicitations out of school hours and
give those who are still considering
the matter, a second opportunity.

ALL COUNTY TEAMS HERE

Two Games Tonight Will Make End
of First Round of Play—Almost
700 Teams in State

The sectional basketball tourna-
ment for all Rush county high
school basketball teams, got under
way here this afternoon at two o'-
clock, with Arlington defeating the
Orphan's Home team of northern
Rush county, by the score of 26 to
17.

The games mark the start of the
annual elimination process, which
will result in one team coming out
victor Saturday night. The winner
here will then go to Richmond next
Saturday for the regional play,
which is another step in the series
of eliminations.

The sectional tourneys today got
started in 64 towns and cities, with
an entry list of almost 700 teams.
The teams are all fighting for the
finals at Indianapolis March 20 and
21, when the 700 teams will be re-
duced to 16.

After the Arlington and Orphan's
Home game the Raleigh and Manila
teams played at three o'clock.
The four o'clock game was sched-
uled between Center and Moscow,
but it was intimated that this
would result in a forfeit by Center,
because of illness on their team.

Two games are on tonight's sched-
ule with Webb playing Carthage
and Milroy playing New Salem.
Rushville does not play until 9 o'-
clock Saturday morning, meeting
Arlington, the winner of the game
this afternoon.

Large crowds are expected to
swarm into Rushville Saturday
as the race gets closer, and every
team will no doubt have a big band
of rooters.

Case of State Against Bert Wilson,

RULING IN DIVORCE CASE

Judge Sparks Refuses Dallas T.
Richardson Decree—Two Re-
ceivership Cases Heard

An extra panel of 20 names was
ordered drawn this morning by Judge
Sparks for jury service Monday,
when the case of the state against
Bert Wilson, charged with assault
and battery with intent, will be
tried. Wilson is accused of shooting
his wife, Mrs. Wilson recovered from
her wounds.

Today in court two suits involv-
ing the receivership for the Ameri-
can Paper Products company of
Carthage were heard.

In one of these actions, the Bank
of Carthage was plaintiff on a claim
on a note against the firm, and af-
ter the evidence was submitted,
Judge Sparks entered judgment for
the plaintiff for \$7,048.80 and costs.

In the other complaint, Samuel
McCarthy was plaintiff in which he
filed a claim for \$400 for material
furnished the factory. In this case,
the evidence was taken under ad-
visement, and no decision entered.

Judge Sparks this morning ruled
in the divorce suit of Dallas T. Rich-
ardson against Harry Richardson,
Fayette county people, and refused
the plaintiff a decree. The case was
sent here on a change of venue from
Connersville.

Among the new cases filed, is a
complaint by John A. Spurrier
against Walter T. Vandament, the
action being to replevin a piano.
The transaction involves an alleged
sale of a piano in 1916, on which
all payments were not made, and the
plaintiff is seeking to get possession
of the instrument. He also demands
judgment for \$25 as damages.

OLDEST I. & C. MOTORMAN IS DEAD IN INDIANAPOLIS

James E. Bandy, 54, Follows Wife
in Death Within 24 Hours, Her
Demise Causing His Illness

MADE LAST RUN A WEEK AGO

James E. Bandy, 54 years of age,
the oldest motorman in point of ser-
vice on the Indianapolis and Cincin-
nati Traction company lines, and
well known in this city, died rather
suddenly Thursday at his home in
Indianapolis, following his wife in
death by 24 hours.

His wife, Mrs. Sarah M. Bandy,
age 57, died Wednesday afternoon
after a long illness. Nervous shock
at her death, caused Mr. Bandy to
suffer acute indigestion and compli-
cations caused his death 24 hours
afterwards.

Mr. Bandy was one of the most
popular motormen on the line, and
was a pioneer employee of the com-
pany. His usual run through this
city was on the 11:52 noon car east,
and back on the 1:10 westbound
car in the afternoon. He made his
last run one week ago today.

Three children, Mrs. Edward Ta-
bert, James V. Bandy, and E. G.
Bandy, all of Indianapolis, survive.

Double funeral services will be
held Saturday afternoon at the late
residence, 2428 North Talbot street,
Indianapolis, at 2:30 o'clock, and
burial will be made in Crown Hill
cemetery.

APPROPRIATION BILL RIFT WIDENS

Conference Committee Named to
Reach Agreement Farther Apart
Than Ever, Sen. Hill Reports

MINOR BILLS DISPOSED OF

Senate Passes Measure Prohibiting
Sale of Tax Free Securities by
Government Units

(By United Press)

Indianapolis, Ind., March 6—The
rift between the senate and
house over the appropriations bill
appeared widening today.

The conference committee ap-
pointed to reach a compromise on
the amendments attached in the
senate was farther apart than ever
after a morning meeting, according
to Senator Hill, of Carthage.

During a session in which many
minor measures were disposed of
the senate today passed the Shirley
bill prohibiting the sale of tax free
securities in Indiana by government
units.

In adopting a minority report for
indefinite postponement the house
killed the Daily senate bill to curb
the sale of salacious literature.

The bill would have also provided
licensing by the state board of edu-
cation of vendors of periodicals other
than newspapers, and religious,
trade, and educational magazines.

Another bill to curb the sale of
salacious periodicals is pending in
the senate.

The Kissinger "road ripper" bill
was scheduled to come up for third
reading in the house this afternoon.
Forces behind the bill declare a
poll of the house shows that it will
go over safely.

It seeks to oust the present per-
sonnel of the state highway com-
mission by abolishing the body as
now constituted and substituting a
non-partisan board of four mem-
bers, appointed by the governor.

Foes of the commission concen-
trated their entire energy on the
Kissinger bill when the Marion
county grand jury indicted John D.
Williams, director, Earl Crawford,
commission member, and four others
on larceny and embezzlement
charges, and the passage of a bill
providing for the removal of war
materials by the high-
way body.

Following brief consideration the
house yesterday rejected the child
labor amendment to the Federal
constitution. The measure was
handed after it was taken from the
senate where it was indefinitely

SERIOUS FIRE IS Averted Felt Covering on Presbyterian Church Furnace Pipes Blaze

An overheated furnace in the
basement of the First Presbyterian
church, caused a fire scare Thurs-
day afternoon about three o'clock,
and members of the fire department
investigated.

A heavy fire had been built, and
the furnace pipes became intensely
heated, setting fire to felt cover-
ing on steam pipes. The smoke at-
tracted the attention of the ladies
of the church who were in the
basement, preparing for a banquet.

A serious fire might have resulted
if no one had been in the church,
and there was danger of the floor-
ing catching fire above the furnace.
No loss resulted, and the firemen
remained until the danger had
passed.

WRAPPER NOT TRUE INDEX OF PACKAGE

Speaking at Church Men's Dinner
Bases Address on Experience

APPLE TASTED LIKE SAWDUST

Draws Lesson From Incident Show-
ing Things are Not Always What
They Seem—Women Give Play

It's not possible to tell what's in
a package by the wrapper, which
may be very misleading.

This was the burden of an enter-
taining and inspiring address by
Alvah J. Rucker of Indianapolis,
former Marion county prosecutor,
at a men's dinner in the basement
of the First Presbyterian church
Thursday evening.

Following the dinner, the men
went to the Sunday school room
of the church where the Women's Mis-
sionary society gave a playlet
showing the work done among col-
ored people in the south.

Paul Allen presided at the pro-
gram given in connection with the
dinner. Miss Helen Jaehne sang two
popular songs with piano accom-
paniment by Miss Charlotte Norris,
and was given loud applause. Two
readings by Miss Kometa Wertz re-
ceived the closest attention and
were liberally applauded.

John Gantner reported for the
committee appointed to recommend
new officers for the men's organiza-
tion, and the adoption of the report
by unanimous vote resulted in the
election of Walter R. Thomas as
president, Paul Phillips as secre-
tary and Will Trennepohl as treas-
urer.

J. T. Arbuckle introduced Mr.
Rucker, with some stories at the
expense of lawyers, and expressed
the view that the church was per-
forming a real service in bringing
men together and causing them to
rub elbows.

Mr. Rucker based his address on
an experience he had with Hood
River Valley apples from Oregon.
He received a crate of them, each
apple being nicely wrapped and ap-
pearing to be a very tempting mor-
sel. Mr. Rucker said he "sank his
incisors to the hilt" into one of the
large red apples and it tasted like
unsweetened sawdust.

To appease him, Mrs. Rucker brought him an
insignificant Indiana winesap, he
said, and he enjoyed it immensely.
"All is not gold that glitters,"
the speaker continued. "Every piece
of silver that has Miss Liberty on it
is not genuine. There are lots of
people the same way. Not every-
thing that comes in splendid pack-
ages is real."

Mr. Rucker in support of these
statements described the fake stock
salesman, and pointed out that peo-
ple can't be judged by their appear-
ances.

The speaker arose to great ora-
torical heights in describing the
modest Grant, who claimed nothing
for himself, who never wore brass
buttons or epaulettes and who al-
ways appeared in a private's uni-
form, but who proved the deciding
factor in the war.

"He wasn't any greater than the
average man in America," the
speaker continued. "All have pos-
sibilities. Grant was fired out of the
army before the war. He failed in
business, as a wood chopper, a tan-
ner, and a farmer."

FORGER SERVING PENAL FARM TERM

Man Who Obtained \$90 With Bogus
Checks Week Ago Last Saturday
Sentenced at Greensburg

SENT ON LOITERING CHARGE

Pair of Shoes Purchased of O. R.
Zimmer With Bad Checks Leads
to His Identification

The check forger that worked suc-
cessfully in Rushville a week ago
last Saturday, when he passed \$90
worth of bogus checks on local mer-
chants, has been located, it is be-
lieved and is now serving a term of
90 days at the penal farm near Put-
namville.

He was arrested in Greensburg
last Saturday after making several
unsuccessful attempts to pass
checks. He was arrested on a charge
of loitering, and sent up for 60
days when he was unable to give an
account of himself.

He was sentenced under the name
of William Spencer, and stated that
he lived in Vincennes. When arrested
he was in possession of a travelling
bag, and before being taken to the
state farm, he requested that the
sheriff send his travelling bag to his
home address in Vincennes.

The officers opened the bag, and
discovered a new pair of shoes, and
recalling the instance that had hap-
pened in this city on the week be-
fore when a pair of shoes was pur-
chased with a bad check, inquiry
was made here.

O. R. Zimmer, local shoe mer-
chant, who was one of the persons
that cashed a check for \$16 and al-
so lost a pair of shoes, went to
Greensburg, taking with him the en-
pty box from his store here. The
numbers corresponded in detail,
showing the stock figures from the
shoe box to be the same as those
inside the shoes.

A photograph of the penal farm
prisoner was received here, and was
identified by those who had cashed
the checks.

A charge of forgery will be placed
against the man, and he will be re-
turned here when his 60 day sen-
tence has expired at the state farm,
according to Gates Ketchum, prose-
cuting attorney.

Dr. J. T. Scull Electrifies M. E. Revival Audience

Last night the Rev. Dr. J. T. Scull electrified his audience at the Wesley M. E. church with a thrilling message from the text, Galatians 6:17 "Henceforth let no man trouble me; for I bear branded on me the marks of the Lord Jesus." In the whole message the speaker emphasized "Love" and "Sacrifice." Very forcefully did he illustrate his words with the story of a brother whose exhortation to the church that the needed "Luv." The old gentleman couldn't spell but he had the meaning.

He also told the story of the Apostle Paul being beheaded, which was a splendid lesson to the children in the "Art of Story Telling." The speaker tonight will be the pastor, the Rev. P. R. Arnold. All are welcome to attend these services.

one answered the door, will be visited again during the next few days. Subscription blanks will also be placed in the hands of the business men of the community so that every one who is interested may have a chance to subscribe.

The record of raising \$5,000 or more within 24 hours time equals any record made in the state on the basis of money for such a purpose, and for this reason, those in charge are highly encouraged.

The pledges are being secured to insure those who sign them of reserved seats in a new gymnasium or community building to be erected this summer in a manner that remains to be decided upon later. The success of the ticket sale indicates sentiment strongly in favor of such a building.

Clears Complexion

"Oh! how clear and beautiful your complexion is today, my dear!"

THERE is a certain joy—a certain pride—in knowing you are admired, whether it be from father, brother, husband or sweetheart! And back of that joy is the satisfaction of knowing all is well.

Men are fascinated by the charms of beauty. Women gaze with envy, secretly jealous, perhaps, wondering—hoping—praying for that attractiveness which is not theirs. But why the wondering—the hoping—the praying for that clear skin—that beauty—a clear skin is the barometer of one's condition. A healthy skin radiates beauty. Pure, clean blood means a clear skin.

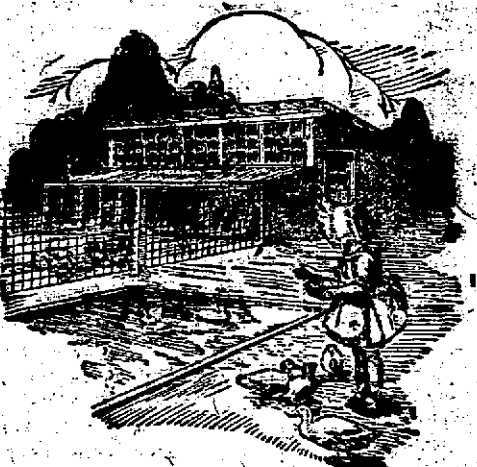

S.S.S. is waiting to help you. It will rid your blood of its impurities and give you that clear complexion. Since 1825 S.S.S. has been ridding people of blood impurities, from pimples, from blackheads, boils, eczema and from rheumatism, too. Because S.S.S. is made from fresh herbs and barks, it may be taken with perfect safety. Try it yourself. You will not only look better, but you will feel better, too.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

Make More Money on Your Chickens

Eggs and More Eggs The Year 'Round Insures a Steady Income.

This income can be increased without increasing your stock of poultry. Hens will lay more eggs in a small, comfortable chicken house than they will if they have to hunt a place in the barn, cow-shed or straw-stack; and the eggs are more easily found. No question about it. A chicken house is quickly paid for by the increase production of eggs.

postponed during the early part of the session.

A voice vote was taken on a motion by Representative Mendenhall, of Indianapolis, for its indefinite postponement.

Members of the conference committee appointed from both houses met at 9 o'clock to reach an agreement on the senate amendments to the general appropriations bill. It was announced that an agreement on the bill may be made today and a report prepared.

Another Isaac Walton League bill was killed in the house yesterday when a minority report for indefinite postponement of the Steele senate bill authorizing an injunction against pollution was adopted.

A fist fight was narrowly averted in the senate yesterday between Senator Nejd and Holmes, both from Lake county, when Holmes demanded that the house bill giving the attorney general power to prosecute vendors of salacious magazines be reported out of the committee on education.

Nejd chairman of the committee denied charges by his colleague that he had refused to report the bill out. When the senate had voted to take the bill out of committee the two senators met at Holmes' desk.

BIBLE THOUGHT

FOR TODAY

Bible thoughts to be read at
a personal devotion at home.

The Golden Rule—Whatso-

ever ye would that men should

do to you, do ye even so to

them: for this is the law and

the prophets. Matthew 7:12

Prayer—Help us, our Father,

to do right by thee, and then it

will be natural for us to do

right by our brothers.

Save the State Roads

Regardless of alleged acts of

certain members of the state high-

way commission—and they should

not be condemned until found guilty

—the passage of the Kissing bill

in the state house of representa-

tives would be a step backward in

Indiana road building.

The Kissing bill provides that

an entirely new commission shall be

appointed by the governor of the

state and that the director shall

also be selected by the governor.

As now constituted, the board

appoints its own director and he is

solely responsible to the board. If

the new system were put in effect,

by the passage of the Kissing bill

the danger of a constant clashing

of interests would arise, and cer-

tainly politics would enter into the

administration of the department

more than ever before.

The director would be responsible

to the governor only. The commis-

sion rightfully should direct the

building and maintenance of In-

diana state roads, and without a

director of its selecting, there would

likely be frequent friction, which

would reduce the efficiency of In-

diana highway work and would

mean a loss of money to taxpayers.

Indiana's highway plan has been

pointed to as a model. No other

state has such a record for econ-

omy and good results. The cost of

operation has been marvelously

low. The commission and director

have worked in unison.

One member of the commission

and the director have been indicted,

but the system has not. It is not

on trial though those who have been

trying to oust the present commis-

sion and director make it appear to

be.

The whole affair smacks entirely

too much of politics to suit the

people who use the roads and who

want to see the greatest efficiency

possible produce the maximum

amount of miles of new roads each

year.

They are not interested in any

political ax-grinding, especially

when it is at their expense. Those

who inspired the highway commis-

sion reorganization will be held to

account if the system that has been

successful is destroyed.

Hunt's Washington Letter

BY HARRY B. HUNT

NEA Service Writer

WASHINGTON — The farmer

has been framed again, in the

opinion of Senator Arthur

Capper.

Two-dollar wheat did it. Wheat

at \$2 a bushel, Capper thinks, was

largely responsible for the brakes

being applied to proposed agricul-

tural relief measures, pending in

Congress.

The result was the failure of

Congress to enact the recommen-

dations of the president's agricul-

tural commission, by which the

administration's pledge to agri-

culture was to have been re-

deemed.

Interests hostile to farm relief,

Capper charges, with \$2 wheat as

a club, hammered home the idea

that there was not and never had

been a real farm problem justifying

the overhauling of the machin-

ery of farm marketing.

According to these claim-

ants, says Capper, "the

farmer is now a Croesus,

luxuriating in the golden stream

of \$2 wheat."

"But this is not a true picture."

"Speculators and gamblers, not

the wheat growers, reaped this

Chicago wheat pit harvest."

"The facts are that last year's

wheat crop brought the wheat

farmer between \$1 and \$1.25, and

not the \$2 he is now credited with

getting."

"To be sure, \$1.25 wheat, and

an unprecedentedly large yield per

acre, made last year's crop the

most profitable since the war."

"But the farmer sold his wheat

men who think he has to carry

along a box of candy every time he

calls.

If these be the true standards,

they are not far different from what

they have always been. Girls may

enjoy the role of a social butterfly,

but when they find the right man,

the mask comes off.

And by the same token, young

men are not slow about changing

their scheme of living when they

have serious intentions in the direc-

tion of matrimony.

The young generation may be

"light-headed" and going to perdition,

as some of its severe critics

claim, but it would be difficult

to find a better model for prospective

brides and bridegrooms.

The Hodge-Podge

By a Paragrapher with a Soul

A soft reply saves many a family

jar.

The cave-men of the stone age wore

a beard. Nowadays it's just a mus-

tache.

What has become of the old fashion-

ed man who thought there was more

exercise in beating a rug than in play-

ing golf?

Honest men always have a liberal

supply of common sense.

There isn't much glory in virtue if

no one knows you have it.

A political pull is always attached

to someone's leg.

Those who don't look for misfortune

are more likely to miss it entirely.

Some go to social functions to have

a good time and others go just to be

bored.

—the last bulk of it—before Nov.

1, and when wheat soared to \$2

in Chicago, the farmer who had

plowed, planted and harvested the

grain had none of it to sell.

"Price increases between elec-

tion and the new year were such

that the farmer, according to

Julius Barnes, merchant exporter,

lost just about \$400,000,000 by his

early selling.

"The consumer of bread will pay

this \$400,000,000. But the farmer

didn't get it."

GENERAL ISAAC SHER-

WOOD, who retires from

Congress March 4 at the age

of 90, treasures as one of the

mementoes of his later days in

Washington a large, crown-

ed, broad-brimmed hat given to him

by the late Julius Kahn, former

chairman of the military affairs

committee, whose wife has just

been chosen by California voters

to fill his seat in the next Con-

gress.

"Just before Kahn took his last

departure from Washington,"

says Sherwood, "I met him in the

corridor. He had on a peculiar

hat. I said:

"I've been looking for that

kind of a hat in Washington, but

couldn't find one."

"Kahn pulled off his hat and

said: 'Try it on.' When I did so

he said: 'It's just your size. Your

thinking apparatus and mine are

the same. I'm going to give you

that hat, with my compliments,

and I hope you will wear it."

"I'm still wearing that hat,"

says Sherwood, "as my tribute to

Kahn."

She has tried Cod Liver Oil, but the ill-smelling, nasty tasting stuff upset her stomach and made her feel worse than before.

Doctors and good pharmacists know that Cod Liver Oil is full of vitalizing vitamins that make flesh; creates appetite, restores vigor, builds up the power to resist disease and chases away nervousness.

But it's horrible tasting stuff and every day fewer people are taking it for doctor's are prescribing and the people are fast learning that they can get better results with McCoy's Cod Liver Oil Compound Tablets, which F. B. Johnson Co., and Pitman and Wilson and druggists all over the country are having a tremendous demand for.

It is a wonderful upbuilding medicine for skinny, backward children especially after sickness and 60 tablets only cost 60 cents.

One woman gained 10 pounds in 22 days and if any skinny man or woman can't put on 5 pounds in 30 days your druggist will gladly return the purchase price.

But be sure and get McCoy's, the original and genuine Cod Liver Oil Compound Tablet.

Today is the beginning of the end for some. Wonder what lone team will survive?

Tonight when you go to bed, there will be five teams in Rush county eliminated from the race, leaving six for the contests Saturday. One thing is certain, Rushville will be one of those six.

STATE TOURNEY BY RADIO!

The state finals at Indianapolis, March 20 and 21, will be broadcasted, play by play, from the ringside. This arrangement has been announced by the Indianapolis Times, and it is considered a good move, because there are always thousands of people who don't attend because of the jam and push. This will enable fans to stay at home and keep the score, and relieve the congestion at Indianapolis.

COME EARLY—STAY LATE

Rushville fans should turn out in large numbers for that first game in the morning, and help the Lions put across a victory. This support is needed. Last year when Manila turned the trick in a morning game, there were very few rooters from Rushville, and encouragement is a great help.

THE WORLD LOVES GOOD SPORTS—ALSO GOOD LOSERS!

The editors of the Rushlite, the high school paper, are to be congratulated for their fine 8 page paper this week. It was printed on the regular news press, full size sheet, and required untiring efforts. Now if those Lions come through equally as well, then their efforts will be rewarded.

Morristown Experts To Spring a Surprise!

Two fans from Morristown, who sign their donation as M. E. W. and J. A. G. send in a unique "one of those things", which works out to make a sentence, using the players name. It is impossible to get it in print in a single column, like they had it, using the first and last names of each player, the coach and faculty. The idea is fine, and when worked out, it reads, "We are out to beat Shelbyville and Greensburg, M. H. S. BB Team."

Sectional tourney entries are limited to only eight players, but regionals and state tourneys are increased to ten. The first eight players used by any team must be the ones to participate in the sectionals. The same players do not necessarily have to take part in the regionals, as a separate list can be filed, according to the state ruling.

THAT STATE BANQUET

Now that a banquet for state scribes is being planned during the state tourney, wonder why it wouldn't be a good idea to make the scribe whose team wins, furnish the spread. Chick Harris of Washington, who is pickin' Washington, could take us all to the Washington hotel, and that's no lie either.

Fanny the Fan wants to know if an earthquake would shake the wool off the Woolworth Building—Between Halves, Muncie Star.

Mr. Bourillette of the Washington Democrat says that his "dark" horse knows its oats. If that is the case then perhaps you can expect 'em at the state fair grounds in a couple of weeks, hunting that oats.

With apologies to Alex down at Greencastle, we might say, "If Moscow doesn't play in the finals, Rushville."

Bedford is scheduled to play her last game of the season Saturday night, so says Basketbawls, down at Washington. In other words Washington expects to win.

We Remember It, Well!

And speaking of Tourney upsets, who can remember last year when Manila knocked Rushville completely out of its sectional?

—Greencastle Banner

MOSCOW TEAM INVITED!

Basketball in Muncie won't end with the sectional tournaments. The annual Eastern Indiana tourney is

still to be staged here. The classic will take place March 27 and 28 on the Y. M. C. A. floor. N. M. Maddox, physical director of the Y. M. C. A. and Earl Ball of this city are to be in charge of the tourney. Invitations have already been sent to a number of teams representing Eastern Indiana cities. Oh, yes, that Moscow crew of covered bridge fame will compete again—Muncie Press.

CENTER TEAM WILL FORFEIT GAME TODAY, IS REPORT

The Center and Moscow game at four o'clock this afternoon was expected to result in a forfeit game for Moscow. Word from Center today stated that the members of the team were vaccinated recently on account of a smallpox scare, and because of this, it was intimated that the team would not appear.

Here is The Way That Carthage Has It—

The Carthage Citizen has "doped" out some interesting facts concerning the tourney, and the comments are as follows:

First game—Arlington steps fast, has good goal shooter, and won the Inv. Tourney here. The I. S. and S. O. Home team is composed of Baker and Blue f; Mayo c; Wertz and Innis, g. They were defeated by Carthage 37 to 32, Mayo scoring 6 and Blue making 5 field goals. They defeated the Straght team 37 to 7. They lost to Rushville seconds, 45 to 23. They defeated New Castle seconds, 45 to 8, Mayo scoring 10 and Baker 5 fields. Arlington should win by a good margin.

Raleigh, a fighting outfit. If they decide to beat Manila, they will point to the dotted line and say "Sign here."

Center was unfortunate in drawing Moscow. Good exercise however. Webb is not the Webb of old. Modestly speaking, they should not prove dangerous to Carthage.

Milroy should toy with the New Salem quintet.

Rushville is strong, with plenty of reserve material, and playing on "one floor. Watch Arlington keep them "on the go."

If Moscow plays the popular Raleighs, Moscow should win, for, Monsieur, did not "Alec the Great" snipe 16 field goals against Arlington last week?

"Open the gate, James." Here comes Carthage and Milroy. The Redcoats have improved about 44 percent. Wonder why Cowan, Wabash back guard, and McCorkle have been making week-end trips home? Carthage has twice defeated Milroy. This game may go overtime. Carthage will penetrate any defense on the circuit, has fine floor work, gets more chances at the net, but as a team cannot connect. Now Siler-Alexander-Horn Tetrick Renegar-Sharkey, make your throws count. Stay in.

Next game, Moscow against Rushville or Arlington?? Moscow, "The Country Boy Team" of the Sandusky type, has endurance, sharpshooters, and "Alec the Great" at center. Also Coers, floor guard, the spectacular floor dribbler. He likes basket ball and would leave his nanecks and maple syrup any old time to play. They meet a real foe—but so does Rushville-Arlington.

Final game. The band is now playing. Oom-puh-oom-pa-pa! Isn't the yelling fierce? Who started this tourney, anyway? Who's playing? Moscow, Rushville, Carthage, Milroy, Arlington, Raleigh? Decide it for yourself.

Gibbons Takes 'Em All

By HENRY L. FARRELL
(United Press Sports Editor)
New York, March 6—Tom Gibbons may have his claim to the succession to the heavyweight championship disputed, but there can be no denial that he is the most willing fighter in the business. His willingness to do anything asked of him at a time when champions and leading challengers refuse to take any kind of a chance, has given him a unique and a most favorable position in the profession.

"It is a pleasure to do business with Tom Gibbons," Tex Rickard said recently. "He is always fair about purses, he never asks anything but an even break and his word is better than a contract. If every boxer was as much of a real sportsman as Gibbons, the game would never be in any danger."

Gibbons had a slow, hard time developing himself from a brother of the great Mike Gibbons to the outstanding challenger in the heavyweight class and one of the best drawing cards in the game. He made himself by having a "Yes" ready for anything fair.

When he started his campaign for a return bout with Dempsey he said that he would meet anyone in the heavyweight class to prove his right for another chance at the title.

He tried to get a bout with Jack Renault the Canadian, who was throwing publicity challenges at Dempsey.

"Before you fight Renault, you ought to lick Kid Norfolk," Lee Flynn, Renault's manager, said.

Norfolk was the stand-off member of the Flynn stable.

"Alright," Gibbons said, "make out the papers."

Flynn's bluff was called and he couldn't get out of it. Gibbons met Norfolk and knocked him off and Flynn lost one of the best bread winners in his string.

Gibbons came to New York again with a challenge for Dempsey and he was asked—"Why don't you fight Harry Wills?"

"I will," Gibbons said.

And Wills was caught in a tight place that he had no desire for.

Gibbons tried to get a bout with Gene Tunney, the American light heavyweight champion, and Tunney turned pale and found a lot of excuses.

He then announced that he couldn't make 175 pounds without trouble and that he was going to stay in the heavyweight class. Tunney, relieved at hearing this, challenged Gibbons and said that he had been bluffing.

Gibbons replied—"Alright, we're ready," and Tunney went out on that golf course and hasn't been heard from since.

By PAUL R. MALLON
(U. P. Staff Correspondent)
Washington, March 6—The bomb Vice President Charles G. Dawes exploded in his inaugural address to the senate—demanding that the time worn rules be revised to expedite business—will be ineffective, leaders of both Republican and Democratic sides of the senate believed today.

Dictators of policy in the senate assert that to shear the senate of its ability to hold up legislation would rob that body of its entire legislative authority and relegate it to the status of senates of foreign governments which in recent years have lost their power.

Senator Charles E. Curtis, Republican floor leader, and Senators Smoot, Utah; Moses, New Hampshire and Jones Washington, his aides in matters that it would be impossible now to carry out Dawes' suggestion.

They pointed out that the idea had been advanced many times in recent years, but has never been carried to a successful conclusion.

ner, an army officer and finally as a clerk in his father's store, not because he was not determined, but because he did not have the qualifications.

Another example he cited was the tragic story of Ham Peggotty and his love for Emily, in Charles Dickens' "David Copperfield." Ham was betrothed to Emily, he recalled when the dashing James Steerforth,

schoolmate of Copperfield's, came between them. He took Emily to Europe and in a few years she returned home alone, broken in spirit and health. One night years later a ship was being dashed to pieces off Yarmouth where Peggotty lived. Steerforth was recognized as the last man clinging to the mast. Peggotty went to his rescue and was drowned.

"Greater love hath no man that he give his life for a friend," quoted Mr. Rucker, commenting on the incident. "There are plenty of Ham Peggottys here. They are not flashy men. They do not make a show. But we are rubbing elbows with them every day and benefitting from it."

Predicting that the time will come when politics will be improved, Mr. Rucker stated there are only a few men who are not looking for self enrichment and who are willing to make some sacrifices, in taking public office. He urged everyone pay more attention to their political obligations.

Help For Nervous
Women

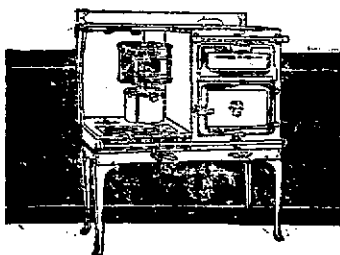

It has often been said that only a woman can understand what nervous women endure. Most cases of nervousness, sleeplessness, mental depression, headaches, backache, fretting and worrying have their origin in some feminine ailment that will readily yield to Lydia E. Pinkham's Vegetable Compound. It is a simple remedy made from roots and herbs, which for over forty years has been restoring women of America to health and strength. Merit alone could have stood such a test.

OBITUARY NOTICE OF

1842 1925

Mary Ellen Craig Jarrett

"Jehovah is my light and salvation,

Whom shall I fear?

Jehovah is the strength of my life,

Of whom shall I be afraid."

Once more the grim reaper's death

has come among us taking our be-

loved sister and friend.

Mary Ellen daughter of Samuel

and Caroline Craig was born in

Manilla Oct. 14th, 1842 and departed

this life February 17th 1925. The

deceased has spent her entire life

in the vicinity of Manilla and was

famously known by her close-

friends as cousin Mollie.

When cousin Mollie was a girl of

fifteen she heard the call of the

Master to service in His vineyard

and chose as her Church home the

Manilla Christian Church. For

many years she was a loyal member

of that Church and enjoyed the fel-

lowship and communion with these

people. Later her membership was

transferred to the Manilla M. E.

church in order to have the same

church home with her husband.

Both remained loyal to the Church

until the end.

Mary Ellen Craig was married to

Elbert Jarrett Feb. 14th 1867. No

children were born to this union but

we have every reason to believe that

the married life was very happy as

the interests of husband and wife

seemed so blended together that we

feel sure that it met divine approval

of the Heavenly Father as a true

bond of Holy Matrimony.

Cousin Mollie has been an inval-

id since childhood and has spent

much of her time indoors among the

scenes of her girlhood and the

things she loved so well.

She was very devoted to parents

and husband, and was always hap-

py in doing some kindness to those

she loved. All the near relatives

have passed away but in life Cous-

in Mollie loved to have her relatives

and friends with her. She seemed

very happy when they called to see

her.

On the occasion of her 80th birth-

day Cousin Mollie invited her

friends and relatives to spend the

evening with her and the cup of

joy was full to overflowing as those

she loved were near her and show-

ered upon the good sister greetings

of love and appreciation.

The last few years of Cousin

Mollie's life was spent within the

confines of her old home and much

of her time was spent in meditation

of the sacred Word, and thoughts of

the home over there. She delighted

to read God's Word and to reflect

on His promises and was most hap-

py when an opportunity was afford-

ed to worship in His sanctuary.

The favorite scripture reading was

the twenty-seventh Psalm, having

read this Psalm many times during

the past year.

We can not add or detract from

this life for the reaper has come

and harvested the ripened grain. In

the words of the poem she loved so

well we commend her soul to the all

merciful and loving Father.

"Hide not thy face from me;

Put not thy servant away in anger

Thou hast been my help.

Cast me not off, neither forsake me

O. God of my salvation.

When my father and my mother

forsake me

Then the Lord will take me up."

Woman's Friend Electric

\$90.00 BUYS

the WOMAN'S FRIEND ELECTRIC WASHER with steel frame and swinging wringer and solid aluminum disc or rubber.

The large round aluminum disc found only in the Woman's Friend Washer is made of one solid piece of aluminum and is practically indestructible as it is not affected by water or washing compounds and only weighs five pounds. This disc is the secret of the wonderful work done by this machine. It rests upon the clothes and as it turns slowly back and forth it rubs them gently on the bottom of the tub which is corrugated like a wash board, turns them over and over and forces the hot, soapy water through every part.

The swinging wringer is a marvelous piece of mechanical construction. The wringer swings to three different positions and is held in an absolutely rigid position in each place. All gears run in oil and require no attention whatever.

SOUR STOMACH RELIEVED BY DI-JO TABLETS

If you're suffering from gas on the stomach, bloating, sour stomach, heartburn, or any of the inconveniences of indigestion, take Di-Jo.

"It's not only pleasant to take but it aids the stomach in performing its duties. Any disturbance of the stomach throws the whole system out of order. If your food is not digesting properly it cannot furnish sufficient nourishment to the body.

The stomach is the furnace which consumes the fuel which enters your body. Sometimes the fuel is the wrong kind and sometimes there is too much of it. Di-Jo is the proper corrective for such a condition. It gives the gastric juices which are supposed to help digest your food the strength needed to digest food for a stomach temporarily weakened or for an overloaded stomach.

Di-Jo isn't dope or anything that can possibly hurt you. It's a natural remedy to aid digestion and it should be in every household. Your druggist has it.

If you are troubled with constipation take DI-JO. It is sold by all druggists and is recommended as the proper laxative to be used in connection with Di-Jo, if any is needed.

LAST OF "CHURCH NIGHT" PROGRAMS IS PRESENTED

Last night marked the close of the second series of "Church Night" programs which have been a special feature of the activities of the First Baptist Church for the past seven weeks. The programs this year marked a decided advance over those of last year. The total enrollment reached 121, while the average attendance was 71. This record puts the Rushville church among the leading churches in the state in this line of activity.

Six study classes were offered. The children were provided for in two groups in order that their parents might have the advantage of the study groups. A young people's mission study class was well attended, and there was also a mission study group for the adults. Two training classes, one for Sunday school workers and the others for church officers, were also well attended. The church hopes to make this form of work permanent in its program from now on.
